## Director's Column

Hello riders; summer starts this month. I have already been riding quite a bit lately in May. I hope everyone else has also been doing some riding. It's time now for everyone to get out and do some riding. After being cooped up for years, it's feeling pretty good. I don't know about everybody else, but it sure does feel good to get rid of that cabin fever. CMT/ABATE Inc. has renewed its AMA Charter membership. Some of the charters have already started having events while others are making plans and getting ready to launch theirs. If you're making plans to have your events, be sure to send your Flyers to Keebler so he can get them posted in the newsletter. Also, he'll send it to me so I can get it on the website. The

June BOD will be held June 13th at 1:00 PM. at The Roost. If one doesn't know, it's Mark Waters place. I hope to see everyone there. If you're a guest, you're more than welcome to come and sit in. That's all I have for now. Just everyone get out there and ride and let's have some fun. Ride Safe ride free.

## Asst. Director's Column

Just a short note. I attended the Smith Wilson/Stones River Cinco De Mayo campout this past weekend. It was great to see so many people there and enjoying the brother and sisterhood. Weather was great and the food was fantastic. Thanks to all that prepared it. I also stopped by the car show in Lebanon and would like to commend Larry and Darlene Binkley for getting out, spreading the word and recruiting members. All the charters should be putting out this effort; there is strength in numbers. Hope to see a good group at the Liberty Rally to support Upper Cumberland. Although there will not be a rodeo, there will still be good fellowship and entertainment. Don't forget to get in touch with your Reps at the State House; we want all the sponsors we can get by the time next session starts. That's about all for now Ride Your Own Ride.

## Save the Motorcyclist Advisory Council: Ask Your Representative to Cosponsor H.R. 2141

April 19, 2021

Congress is back from Easter break and it's time for them to hear from bikers! Last month Congressman Mike Gallagher of Wisconsin and a bipartisan group of House members introduced H.R. 2141, the Motorcyclist Advisory Reauthorization Act. As you may remember the Motorcyclist Advisory Council (MAC) is a group within the U.S. Department of Transportation that serves as the only official forum for motorcyclists to discuss motorcycle issues with the federal government. The MAC is set to expire and be disbanded September 30th, 2021 if Congress doesn't act!

We need to help Congressman Gallagher gain cosponsors to H.R. 2141 and ensure motorcyclists continue to have an official voice within the federal government. Click here to contact your member of the U.S. House of Representatives and ask them to cosponsor H.R. 2141.

## Taking Back the Hill

May 19, 2021

For the last 15 months the halls of Congress have been silent. Health and safety restrictions have all but eliminated the normal atmosphere on Capitol Hill. However, this week things began to return to normal. Bikers from over 25 states made their way to Washington D.C. and spent Monday and Tuesday meeting in person and via zoom with lawmakers and their staff. In many cases MRF members were the FIRST in person guests many members of congress had hosted since March of last year!

Bikers advocated on issues related to profiling, autonomous vehicles, the highway bill, ethanol and a host of other items. The action wasn't limited to D.C. as MRF members who couldn't make the trip spent the last few days meeting with elected officials and staff back home. In the coming weeks the MRF will put out calls to action on many of the topics we covered this week. You can help move our agenda forward by responding to these calls to action and build off of the great work done in D.C.

## CMT/ABATE, INC. SAFETY AND AWARENESS GRANT

CMT/ABATE, Inc. has received a safety and awareness grant from the Tennessee Rider Education Program since 2007.

The Department of Safety has pulled the funding of the TREP last year, and the opportunity for receiving grants has ended.

The grant amounts ranged from \$1800.00 to \$50,000 per year. We are grateful for the opportunity to promote Safety and Awareness with our Look Twice, Save a Life and Don't Ride Fried projects. In the months to come, I hope to keep the "message" alive by submitting memories: articles and photos, from the many events the charters promoted and worked over the years.

Please send info to me, and to the newsletter editor, csfreedom@aol.com and keeblerg@yahoo.com . Here are a few pics I have found in my archives. Many thanks for the wonderful memories to the hundreds of folks who helped through the years.

**MRF State Rep Report –**

*"Never doubt that a small group of thoughtful, committed citizens can change the world; indeed, it's the only thing that ever has."*

- Margaret Mead

This month I've got something a little different for you. I was having a hard time coming up with an article to write, and then I ran across a letter from a long-time friend from the MRF that seemed to fit with everything I needed to say. Although I was not able to attend this year's Bikers Inside The Beltway lobbying event, I understand, and 101% agree with, everything that Mark says in the letter below. We may be a small group, but with your support and commitment we can change the world. Please read the letter below, and then join us in our battle to preserve your right to...

 MRF State Rep

**Letter from Mark:**

Hi, everyone.  
 I just got back from Washington, DC. I was there attending the Motorcycle Riders Foundation's May Board of Directors meeting as part of our annual Bikers Inside The Beltway event. While a lot of lobbying groups are still freaked out by the pandemic, the MRF was in DC, lobbying for biker's rights. Riders from over 25 states were there, and while our Colorado congressional delegation is still only meeting via Zoom, many of the people who came to town were able to meet with their legislators in person, either in their offices or at a café near the Capitol. For most of these legislators, we were the first constituents they had met with in well over a year.

To those of you who are already MRF members, thank you. I really do appreciate it. The issues we're facing today are as important as ever. There are people in Congress who want to allow E15 at gas pumps all over the country, and they want to either shrink or completely eliminate all labeling, meaning you could easily pull up to a pump and fill your tank with fuel that's going to do real damage to your en-

gine. There are people who want to push ahead with allowing autonomous (self-driving) vehicles to take over our roads, although none of the systems in place today are able to reliably identify motorcycles. I don't have to tell you what that means. The MRF is fighting to stop these people from getting their way.

Every five years Congress passes a massive highway re-authorization bill. They should have passed one last year, but didn't due to the pandemic. The bill is being discussed now, and will be passed in 2021. Last year, the MRF had four amendments to that bill, all designed to protect motorcycling. Think about that for a minute. Of all the road user groups out there who tried to add amendments to the bill, we had four, and our friends in Congress tell us all four will likely be included in this year's bill.

For those of you who aren't MRF members, all I can say is 'why not?' I'm being blunt here, but I know most if not all of you can easily afford to join. MRF membership is only \$35.00 a year, or \$95.00 for three years. If all you do is join and offer your financial support, without ever contacting a legislator or taking any other

action to promote our agenda, you'll be doing plenty, and you will have my thanks and gratitude.

Most of you know that I've been involved with the MRF since 1991. I can tell you with all honesty that motorcycling would look nothing like it does today if it hadn't been for the biker's rights movement. Because of the people who join and support biker's rights groups, you can ride where you want, on the roads you want to ride, with the people you want to ride with, dressed like you want to dress. You can modify your bikes the way you want to. You're not being singled out and priced off the roads by greedy insurance companies. All that work, and much more, is worth supporting.

MRF Accomplishments:

- MRF has provided a strong, unyielding lobbying effort on behalf of motorcyclists in Washington D.C. since 1987
- Ensuring the responsible use of renewable fuels, especially regarding the labeling, dispensing and availability of higher blend ethanol fuels such as E15.
- Led the effort to repeal federal black-mail laws trying to force states to pass mandatory helmet laws for all riders
- Stopped federal legislation that would

have classified any group of three or more riders wearing similar clothing as a 'gang'

- Stopped unfair insurance provisions targeting motorcyclists
- Helped to overturn road bans attempting to stop motorcyclists from using roads we pay taxes to maintain
- Overturned the 'superbike' ban attempting to stop the sale of high-performing motorcycles
- Stopped governmental agencies from using taxpayer dollars to lobby against motorcycling
- Continuing to ensure that motorcycles are accounted for in autonomous (self-driving) vehicle designs
- Working to stop motorcycle profiling and bogus check points by law enforcement agencies
- Supporting voluntary rider education efforts to decrease motorcycle accidents, and helping rider education programs to obtain government grants
- Protected the motorcycle industry from onerous and restrictive federal regulations that would have severely damaged the motorcycle aftermarket, and along with it, all riders' ability to modify their bikes the way they want to.
- Continuing to work to stop distracted

driving

- Stopped unfair EPA regulations that, if endorsed, would have forced riders to use only 'Approved OEM' parts on their bikes
- For more than 30 years, the MRF has spearheaded a network of strong motorcyclists' rights organizations protecting rider's rights. The MRF has made sure that we can ride the kind of bikes we want to ride, with the people we want to ride with, wearing what we want to wear, on the roads we want to ride, and make the changes to our bikes that we want to make.

You can join online here:

<https://mrf.org/join-the-mrf/>

I'll also be bringing paper MRF membership applications with me when I see most of you next month. Do the right thing. Join us. Renew your memberships when they come due, and do your part to protect what we all love.

If you're already an MRF member, help us by signing up a friend who isn't.

If you're a member, but your significant other isn't, join as a couple. It matters.

Thanks.

Mark

## House Resolution 366

May 3, 2021

Last Friday, champions of the motorcycling community in the House of Representatives introduced a resolution addressing motorcyclist profiling. The resolution H. Res. 366 has three key points:

- (1) promoting increased public awareness on the issue of motorcyclist profiling;
- (2) encouraging collaboration and communication with the motorcycle community and law enforcement to engage in efforts to end motorcycle profiling; and
- (3) urging State law enforcement officials to include statements condemning motorcyclist profiling in written policies and training materials.

The Motorcycle Riders Foundation (MRF) applauds Congressman Tim Walberg (R-MI), Congressman Michael Burgess (R-TX), Congresswoman Cheri Bustos (D-IL), and Congressman Mark Pocan (D-WI) for introducing this bipartisan resolution in the House of Representatives.

During the 116th Congress, a record 138 Representatives cosponsored a similar resolution to the one introduced today yet it failed to reach the House floor for a

vote. This came on the heels of the United States Senate unanimously passing a related resolution in 2018.

Legislative action against the profiling of motorcyclists is not limited to Washington, D.C. Across the country, state legislatures are considering measures aimed at combating the profiling of motorcyclists.

The MRF is joined by the Motorcycle Profiling Project, state motorcyclist' rights organization, motorcycle clubs and individual riders taking a stand on this issue. With the U.S. Senate on record on the topic and state capitals around the nation taking action it is imperative the House of Representatives follow suit and pass H. Res 366.

President of the MRF, Kirk 'Hardtail' Willard, stated "We thank Representatives Walberg, Burgess, Bustos and Pocan for their leadership on this important issue. Motorcyclists in every state are impacted by profiling. This issue isn't going away, and it's well past time for the House of Representatives to go on the record about the need to end motorcyclist profiling."
